HIV-positive	182/597	30.5	94/442	21.3	155/319	48.6
HIV-negative	267/597	44.7	240/442	54.3	101/319	31.7
Unknown	148/597	24.8	108/442	24.4	63/319	19.7
Traded sex for drugs/money, past 5 years	82	12.5	22	4.6	29	8.6

Note. Values may not sum to totals because of missing data.

^aIncludes 110 men who reported sexual contact with both men and women.

^bIncludes 7 women who reported sexual contact with both men and women. Data on women who reported only female sex partners during the past 12 months not displayed because of small numbers; *n* = 7.

^cIncludes “never” and “sometimes.”

^dAmong persons who had this type of sex during the past 12 months.

^eAmong persons who ever had a steady sex partner.
